What's new?

The latest on Aetna Funding Advantage (AFA)

AFA change to single benefit waiting period

We are moving to a single benefit waiting period for all AFA plans, starting with 8/1 effective dates. Therefore, we will no longer be able to accommodate requests for dual waiting periods. Plan sponsors, however, can still customize the length of their benefit waiting period.

Our redesigned Aetna Navigator®, secure member website, is up and running!

Our AFA plan sponsors and their members now have access to the new Aetna Navigator secure member website. A streamlined look with new features like patient ratings and reviews, as well as claim walkthrough, help members navigate health

care. To learn more or share the news with your clients, check out the [new flyer](#).

Reminders

Please remember: if you are not using the electronic paperless process for case submission, you must use the current form that is posted on [ProducerWorld®](#). Starting with 8/1 effective dates, we will no longer be accepting old forms.

Don't forget: Small Group AFA and IHFA plan design documents (PDDs) are now available on the [SBC Search Lookup Tool](#) (same location as fully insured plan design documents), making it easier to access these documents. The 2017 SBCs will be loaded to the tool in the coming weeks.

If you haven't already done so, be sure to register for [ProducerWorld](#). You get access to important tools and materials. Plus, it's the only way to get access to Springboard.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance Company and its affiliates (Aetna).

We are located at 151 Farmington Ave, Hartford, Connecticut 06156.
