

Medicare Part D Creditable Coverage Determinations

Creditable/Non-Creditable testing results for AmeriHealth commercial pharmacy plans

List of Non-Creditable Plans

Select Drug Program[®] Options

The following Select Drug Program plan designs were determined to be **non-creditable**. These have no out-of-pocket max or per claim max on the third tier.

Retail Copay - Three Tier (with Coinsurance for Third Tier Non-Formulary)	
\$10 / \$40 / 50%	\$15 / \$40 / 50%

Coinsurance Drug Program Option

The following Single-Tier Coinsurance drug program plan design was determined to be **non-creditable**.

Coinsurance – Single Tier
50%

EPO HSA Integrated Plans

Coinsurance – Single Tier
50%

Please note: All 2016 AmeriHealth New Jersey Individual Consumer and Small Group HCR Metallic plans, on and off exchange, are creditable.

The determinations in these exhibits were based on standard benefit designs only. Evaluating specific characteristics of a particular employer/retiree group may yield different results. This chart is not intended to provide either legal or tax advice. It does not represent an actuarial attestation for the purpose of applying for the CMS Retiree Drug Subsidy. Please consult with your legal counsel and/or your tax adviser to determine the effect of the statutes and regulations regarding Medicare Part D.

Not all prescription drug programs are available to all customers. Not for Distribution to Medicare beneficiaries.
