Pennsylvania and Delaware brokers:

Aetna Specialty CareRxSM drug benefits changes coming in August for groups with up to 100 employees

The fourth tier of the pharmacy benefit (specialty medications) on all Pennsylvania 2-100 and Delaware 1-100 plans is changing August 1, 2012.

The benefit was 10 percent coinsurance for a member obtaining a specialty pharmacy medication.

Effective August 1, 2012, and upon renewal thereafter, the benefit will be a flat \$250 copay after deductible, if applicable, for a 30-day supply for a member obtaining a specialty pharmacy medication.

Some important points about this change:

- New Aetna customers, beginning August 1, 2012 and afterward, will have the new \$250 copay.
- This change is effective for existing groups at renewal, beginning with August 1, 2012 renewals.
- The flat copayment should make the cost predictable for all members using specialty medications.
