

# Guardian Freedom

Enhanced dental benefits without the enhanced price tag

## Introducing Guardian Freedom<sup>SM</sup>

### A dental plan that can help manage long term costs

With Guardian Freedom, employers can increase benefits for covered employees and more actively manage plan costs – all with a company they can trust.

The plan combines the expansive , competitively discounted DentalGuard Preferred network with our new DentalGuard Alliance network for even greater savings on covered procedures.

### Employees can choose between:

#### DentalGuard Alliance: More Savings

This smaller network offers greater discounts on dental care and enhanced benefits with more procedures covered in full

#### DentalGuard Preferred: More Choice

One of the nation’s largest networks, DentalGuard Preferred dentists over discounts averaging 30%

#### Out-of-Network : More Freedom

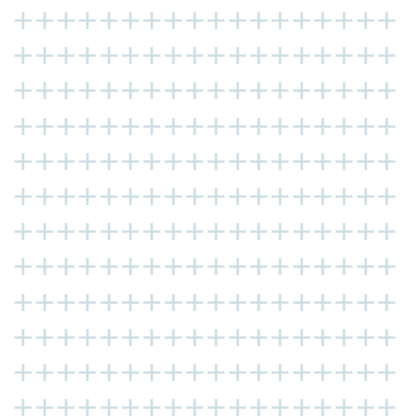

While in-network dentists provide the most value, members can see any dentist they want without being penalized. Depending on plan design, they will be reimbursed at UCR or based on set fee schedule.

Contact your Guardian Group Sales Office to learn more.

Guardian Freedom plans can also include Guardian’s innovative features to maximize benefits, including:

- **Maximum Rollover**
- **Preventive Advantage**
- **Implant Coverage**
- **Oral Cancer Screenings**
- **International Assist, access to dental care while abroad**

The Freedom Plan is available in select markets
