

2013 Coventry/HealthAmerica Medicare Part D Creditable Coverage Testing

- For an IHDHP*, the creditable status of the plan depends on whether the plan is primary or secondary to Medicare for its Medicare-eligible participants. If a group plan offers a Health Reimbursement Arrangement (HRA) with a IHDHP, this actuarial testing is not complete; please contact us for assistance.
- Not all rider options are available in every market segment or region.
- For a complete list of testing assumptions and methodology, please visit our website at www.healthamerica.cvty.com or click here.
