

Horizon Dental

Horizon BCBSNJ has streamlined its Dental Product Portfolio. Their goal is to reduce the complexity by simplifying their myriad of Small Group Dental Product offerings and highlighting their most popular chosen Dental Products within the ESAT quoting tool. In addition, for more Dental choices, Horizon BCBSNJ has added the Horizon Dental Choice plan to our product selections on our quoting tool.

Beginning December 6, 2011 you may select the following dental plan options in the ESAT quoting tool.

The product designs for the Horizon Small Group Dental Plans include:

Excluded from the above product grid is the Dental Choice product. Here is an explanation:

Horizon Dental Choice

Horizon Dental Choice saves your company money and increases employee satisfaction through its cost-effective design and comprehensive benefits.

- No deductibles
- No annual benefit maximums
- No copayments for most eligible routine services
- Low copayments for eligible major specialty services

Horizon Dental Choice is an HMO-type of coverage that features a strictly credentialed network of participating dentists. It's a great addition to your benefits program, either in combination with another Horizon Blue Cross Blue Shield of New Jersey dental plan or as an alternative to your existing traditional program.
