

## Individual Medicare reports moving to Producer World

[Login to Producer World to view reports \(starting August 18\).](#)

**Exciting news -- Reports on your Aetna Individual Medicare book of business will be easier to access starting August 18.**

We're moving all existing reports from their current home on the Aetna Medicare Resource Center (AMRC) website to Producer World, for easier access and improved functionality. We will be discontinuing the AMRC website on August 18, so you will no longer need to login to two places to see your reports.

[Need to register for Producer World? Click here.](#)

### What reports are available?

The same reports that were available on AMRC will be available on Producer World, including:

- Monthly Commissions Reports
- Year-to-Date Commissions Reports
- Application Pipeline Status Reports
- Enrollment Roster Reports
- Licensing Reports

### How to access your reports

Starting August 18, to access reports for your Individual Medicare book of business, you just need to be registered for Aetna's Producer World website.

Any producer who already has access to Producer World does not need to re-register. They will be able to view their reports based on their assigned user privileges in Producer World.

Once registered, simply:

- Login to [Producer World](#)
- Go to the Individual Medicare page
- Click on the “Reporting” dropdown

If you run into any issues accessing the reports, please contact the Aetna Medicare Broker Support Unit at [BrokerService-MedicareTeam@aetna.com](mailto:BrokerService-MedicareTeam@aetna.com) or [Cheryl Lundy](#) at Brown & Brown Consulting, our individual Medicare specialist.
