

Nutrition Counseling

Members can take advantage of 6 free visits

Eating healthy would be a lot easier with your own private chef to cook nutritious meals. We can't hire you a chef, but we can give you one-on-one time with nutrition experts to help you set goals for better eating habits.

As part of your benefits, AmeriHealth New Jersey lets you schedule up to six visits a year for nutrition counseling* at no additional cost to you when you visit an in-network doctor or registered dietitian. No referrals needed!

Eat your way to a healthier you

Eating healthier doesn't have to mean eating less. It means learning how to add nutritious foods into your diet. It means understanding how what you eat affects your overall health and happiness. A healthy diet and weight can give you more energy and may even lower your blood pressure and cholesterol.

Eat your way to a healthier future

Many people develop chronic conditions, such as diabetes, heart disease, and high blood pressure, as a result of being overweight. Nutrition counseling can help you better manage your diet and your weight, and may reduce your risk for developing these health conditions.
