Take your diabetes self care from “Good” to “Better.”

Get the **FREE CareCam™ mobile app!**

Download by Month XX, 2015.

Dear John Q. Sample,

No question — managing diabetes can be a challenge. It’s sometimes tough to stay on track and remember to do your important health care activities each day. Not to mention — it can be expensive as well.

We can help as your trusted health care partner. It’s been shown that mobile apps can help people manage their health care and save costs, too.* That’s why Independence is happy to introduce **CareCam, the diabetes care mobile app exclusively for members!**

- Manage better each day with valuable insights, tools and greater confidence
- Stay on track with a personalized daily schedule of health care activities and reminders — plus daily/weekly/monthly views of your results
- Discover diabetes video content with vLearning Library
- Build your support team of encouraging family and friends
- Help prevent costly complications

So please take a moment to download CareCam on your mobile phone or tablet FREE. Simply scan the code below or visit www.ibx.com/carecam. Use your Independence member card to register your account. Then start using CareCam every day!

Thanks again for being a valued Independence member.

Best regards,

Don Liss
Vice President, Clinical Programs

P.S. Download CareCam by Month XX, 2015 free! For more details, see the enclosed brochure.

Use your smartphone or tablet to scan this code or
visit www.ibx.com/carecam to download the app

WHEN I GOT CARECAM I FELT **BETTER**.

Download the CareCam™ mobile app today.
Exclusively for members.

Use **CareCam** every day for better self-care.

Only from Independence.

CareCam turns your smartphone or tablet into a diabetes self management center! Discover easy to use diabetes care tools and valuable educational video content, there in the palm of your hand. With CareCam, you're in control — with progress to share with concerned members of your support team. And that's just better.

Better daily self-care

- Works on your smartphone or tablet — so easy to use, even for the technical novice
- Follow your personalized daily schedule of health care activities that fits your lifestyle and your health care provider's care instructions
- Get reminders and personalized educational feedback on activities like taking medication, monitoring blood glucose, exercising, and more
- View summaries of your past results to understand your progress and share with your health care provider at your next visit

Better customization and communication

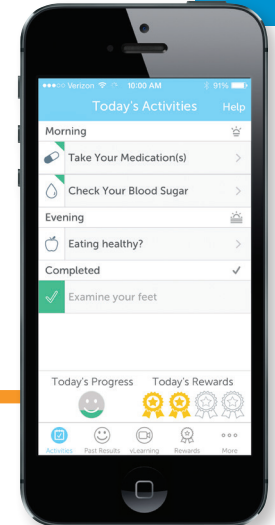

- Access the **vLearning Library**, a collection of educational videos about your health condition and more
- Invite family, friends, or caregivers to follow your progress and offer support

Better cost management

- Use CareCam every day for better self-care
- Help prevent complications that could result in time out of work, frequent doctor appointments, and costly, time-consuming ER visits

3 easy steps to start using CareCam!

1. Download the app using the information below.
2. Use your Independence member card to register your account.
3. Start using CareCam every day!

“It inspires me to do better each day”

“CareCam is like a coach to me!”

Better is just a few taps away.
